DA Submissions  
Council of the City of Sydney

28 December 2016

Dear Sir or Madam,

**Re: DA/2015/1200 – 13-17 Ithaca Road, Elizabeth Bay**

The 2011 Residents Association are making a last request that you do not consent to the changes made to the DA for 13-17 Ithaca Rd and allow this development to proceed.

The changes made are inadequate in addressing the concerns raised about the scale and height of this development which will see long-term residents lose views, and access to light.

The development is still unsightly and unsympathetic to the heritage context. There are already plenty of examples of insensitive developments in that area – we don't need any more.

Please refuse this DA.

Regards

Helen Crossing  
Convenor  
2011 Residents Association
