

LETTER OF THE WEEK: OVAL CONFUSION

Former Australian cricket captain Ricky Ponting.

WE HAVE been trying to find what City of Sydney intends doing with Reg Bartley Oval. It seems council is being less than transparent.

We are concerned that it plans to remove the cute picket fence and replace with something different.

We would really like this little piece of history preserved.

They got rid of the cute little tennis club – which was of historical significance and replaced with a modern characterless ‘upgrade’.
